

Video Catalogue

One of the best things about being in a family is the opportunity to share joys, concerns and successes with other members of the family. And what better way to do it than through video.

FAMILY SNAPSHOTS presents stories of life and faith in short segments. Produced by The Christian and Missionary Alliance in Canada, these stories are inspiring and motivating and show God at work in Canada and around the world. Each segment is independent and suitable for use in small groups, sharing amongst Elders Boards, in congregational settings, missions committees, youth meetings, member classes, home Bible studies or in Sunday School. The whole video can also be made available in church libraries for personal use with families, friends and neighbours.

Tell us your story for a future edition of **FAMILY SNAPSHOTS**. We'd love to share it with the rest of our congregations. Let us know what your church or group is doing and how it impacts the Alliance family.

These are just a couple of the comments we have received about this video magazine:

"I highly recommend that you use Family Snapshots! The segments are short, innovative, creative and extremely well done. They provide inspiring information that will motivate both you and your church family... (It) provides a connecting point for the larger Alliance family to be 'better together'."

~ Rev. Dave Hearn, District Superintendent, Canadian Pacific District

"...the video segments are just awesome! We're showing them this month in church and they are so well received; everyone is so encouraged and motivated... (Family Snapshots) is a tool we're using in our church and it's having an impact. Thank you."

~ Myron Siemens, Devon Alliance Church, Devon, Alberta
